2024 JUNIOR GOLF

ACC JUNIOR GOLF MISSION

The mission of our junior golf program is to expose the youth of Aurora Country Club to a game they can enjoy the rest of their lives. Participants in the program will learn basic skills, sportsmanship, etiquette and most importantly, how to enjoy the game of golf.

ACC golf staff have a direct responsibility to cultivate the growth of the game starting with our junior golf program. We have recently made changes to our junior golf program so as to peak the interest and development of our youth. The curriculum will be slightly different from previous years in order to ensure proper development for all students. The 3 separate programs below are designed in conjunction with our philosophy of developing junior players throughout their entire youth instead of a repetitive program they follow each year.

All 3 programs will attend two sessions per week. Tuesday sessions will be the introduction of a new agenda for the week. Thursday sessions will be a practice and play session. Thursday sessions also allow for two things: 1) Our instructors to work individually with juniors that may be developing at different rates and 2) Our juniors to catch up in case they miss a previous lesson throughout the program (dates may vary due to club scheduled events). Below are the developmental levels:

The first level called "The Cubs" is designed to develop athletic movement and a general interest in the game for juniors just starting out, typically ages 4-6. The curriculum will be mainly based around exercises and activities that promote coordination and balance which is a key component in the golf swing. Golf will be discussed, but in a fun, inviting, non-intimidating manner.

The second level, called "The Tigers", will be the introduction to the basics of the game. This will be very similar to our typical Jr. program, typically for kids with a basic knowledge of golf and/or ages 7-12. Activities will include basic swing mechanics, short game, etiquette and rules training.

The final level, called "The Golden Bears" is our advanced clinic. This program will teach more in depth swing mechanics, specialty shots, course management and scoring. This program is designed to get kids ready for tournament/high school golf, typically ages 13 and up and/or with a more advance knowledge of the game.

The junior program will begin on Tuesday, May 30th at 3:30pm with a kick off 6 hole scramble format event and pizza party (3 holes for "The Cubs")! Juniors will attend a short orientation where they will receive their agenda and additional information for the programs at 3:00pm.

JUNIOR GOLF PROGRAM

AGES AND TIMES

Cubs: 4-7	➤	1pm -1:45pm on session days	➤	8:00 am on play days
Tigers: 8-11	➤	2pm-2:45 pm on session days	➤	7:30 am on play day
